INTRODUCING TRIGGER

'Trigger' are a high-quality 6-piece band based in the Midlands, UK. Our mission is to provide the full 'stadium rock' experience, delivering the excitement and spectacle associated with arena rock, with the highest standard of musicianship, and the most popular hit songs from the biggest mainstream rock acts.

Our set list includes classic anthems from the likes of Bon Jovi, Bryan Adams, Queen, Status Quo, Elton John, ABBA, Guns N Roses, Whitesnake, AC/DC, Tina Turner, Aerosmith, Kiss, Journey and Van Halen, which are all performed to capture audience attention, and keep everyone engaged, excited and participating from the very first song right through to the finale.

The 'Trigger' band has also made considerable investment in staging, visuals, effects and lighting, to make our band both an audio and visual sensation. All we need is a suitable space and access to power, we can provide everything else.

SET LIST

Livin' On A Prayer - Bon Jovi
Sweet Child Of Mine - Guns N Roses
Don't Stop Believing - Journey
You Give Love Bad Name - Bon Jovi

Plus A Medley Of Rock Anthems
From This Millennium

FREQUENTLY-ASKED QUESTIONS

How much do you charge?

The 'Trigger' show comes in various shapes and sizes to suit different venues and budgets, please contact us to discuss your requirements. The common denominator is that there are 6 musicians plus our Lighting & Sound Engineer, and we operate a big show which also means a minimum of 4 vehicles filled to the brim with audio equipment, staging and lighting. Any quoted fee includes the first 100 miles total of travel from our base in B61, where each mile after this adds an extra £1.50.

How long do you play for?

Our typical show is 2 x 45 minutes sets plus encores, however we have sufficient material to perform for up to 2-and-a-half hours if needed.

Do you do requests?

Specific requests can be arranged prior to the event if needed, which generally do not incur any extra cost if they sit within the 'rock music' genre.

I can't provide any equipment, are you fully self-sufficient?

We have invested heavily in all the gear we would need to put on a show. This includes full PA, instruments, microphones, lighting, smoke, stage set, and cold sparks if required. All we need is a suitable space and access to electricity, then allow us to do the rest.

I'm concerned about volume. If you're a rock band, doesn't that mean you'll just make an unholy racket?

No-one wants to endure an ear-splitting commotion, which is the main reason we use a high-end electronic drum kit. This allows us to turn the band down to a whisper if required. In addition, we are all seasoned and experienced musicians who deliver our set in a controlled, precise and professional manner, making for a much more enjoyable listening experience.

What is the minimum space you require?

We can shrink the band to fit into most spaces, even small corners of a room if needed. However, for us to deliver our full show, we would ideally ask for at approximately 5m x 3m where possible.

Can you provide background music before and after your set?

Yes we can.

Do you play weddings and private parties?

Yes definitely, we will perform anywhere there is cake.

What experience do you have?

The 'Trigger' band consists of 6 accomplished musicians, all with many years' experience. Some of us are or have been music tutors, and some of us also work as professional session musicians. All of us are very comfortable and totally at home on stage (the bigger the better), and will provide a commanding and compelling performance suitable for all ages. The 'Trigger' band have performed at outdoor festivals to 22,000+ people, on theatre stages, clubs, and also spent many years performing on the pub circuit. There isn't much we haven't seen!
